A thrill that comes once in a lifetime! It will be the sensation of the neighborhood — a genuine Shetland Pony that your youngster can pet and love — his very own! They'll grow up together . . . ride everywhere . . . be pals for life. Owning a Shetland instills responsibility, devotion to duty, respect and obedience in a child.

Breck's of Boston, through special arrangement with the world's-largest Fashion Club Pony Farms, brings you genuine registered Shetlands at prices that were impossible just a few years ago! Each Pony is guaranted to be selectively chosen from Purebred breeding stock, have the best conformation and be in perfect health and free from any physical defects — certified by a veterinarian. Your Pony will be from 2 to 7 years old (average life span 22 to 30 years), gelding (male), 41" to 44" high at saddle and especially broken in for children to ride.

Feed and keep as cheaply as a dog. Pony's the best little lawn mower in the world! From early spring 'til late fall, a lot 50′ x 100′ feeds him with plenty of grass and allows him ample room for exercise. Hay, oats, grain for winter feeding cost only pennies a day. Let him grow a heavy protective coat and he'll romp and play outside in coldest weather — and love it! (His ancestors came from the cold, rugged Shetland Islands off the coast of Scotland.) Fully grown, he needs a pen only 5′ x 5′, easily built.

POSTAGE ON BRECK'S GIFT ITEMS

Parcel Post rates have more than doubled in recent years. We now charge a *part* of the postage cost. We print the actual weight of each item, and then make a *nominal* charge per pound, regardless of destination. (Lightweight items are shown at "zero".)

This is the *fairest* method we could devise, and causes a minimum of figuring or reference to elaborate charts. *UNDER BRECK'S PLAN, YOU ALWAYS PAY LESS THAN ACTUAL POSTAGE.*

Use Breck's printed order sheets for greatest speed and accuracy of service. If you use your own stationery, *be sure to include the nominal postage charges,* to avoid delay and correspondence in connection with your order.

(In Breck's horticultural catalogs, we still pay the postage on seeds and bulbs, when payment accompanies order.)
